# Project Planning Phase Project Planning (Product Backlog, Sprint Planning, Stories, Story points)

| Date          | 18 October 2022                       |
|---------------|---------------------------------------|
| Team ID       | PNT2022TMID04349                      |
| Project Name  | Project - Car Resale Value Prediction |
| Maximum Marks | 8 Marks                               |

## **Product Backlog, Sprint Schedule, and Estimation (4 Marks)**

| User     | Sprint   | Functional          | User Story | User Story / Task                                | Story  | Priority | Team Members |
|----------|----------|---------------------|------------|--|--------|----------|--------------|
|          | -        | Requirement (Epic)  | Number     |  | Points |          |              |
| Admin    | Sprint 1 | Dataset collection  | USN-1      | Collect the required data for the Car resale     | 2      | High     | Cibikumar,   |
|          |          |                     |            | prediction                                       |        |          | Charanraj,   |
|          |          |                     |            |  |        |          | Akash,       |
|          |          |                     |            |  |        |          | Danushraj    |
|          | Sprint 1 | Data pre-processing | USN-2      | Perform data cleaning to optimize the dataset    | 4      | Medium   | Charanraj,   |
|          |          |                     |            |  |        |          | Cibikumar    |
|          | Sprint 1 | Training & Building | USN-3      | Build the model using regression algorithms to   | 6      | High     | Cibikumar,   |
|          |          | Model               |            | classify the data                                |        |          | Charanraj,   |
|          |          |                     |            |  |        |          | Akash,       |
|          |          |                     |            |  |        |          | Danushraj    |
|          | Sprint 2 | Deploy the model    | USN-4      | Deployment of ML model using IBM Cloud           | 5      | High     | Akash,       |
|          |          |                     |            |  |        |          | Danushraj    |
|          | Sprint 4 | Integration         | USN-5      | Integrate the web app developed using flask with | 5      | High     | Charanraj,   |
|          |          |                     |            | IBM model  |        |          | Cibikumar    |
| Customer | Sprint 2 | Homepage            | USN-6      | Details about the application and the car resale | 2      | Low      | Akash,       |
|          |          |                     |            | process  |        |          | Danushraj    |
|          | Sprint 2 | Registration        | USN-7      | As a user, I can register for the application by | 5      | High     | Cibikumar,   |
|          | -        |                     |            | entering my email, password, and confirming my   |        | _        | Danushraj    |
|          |          |                     |            | password.  |        |          |              |

| User | Sprint   | Functional Requirement (Epic) | User Story<br>Number | User Story / Task   | Story<br>Points | Priority | Team Members                      |
|------|----------|-------------------------------|----------------------|---|-----------------|----------|-----------------------------------|
|      | Sprint 3 | Confirmation                  | USN-8                | As a user, I will receive confirmation email once I have registered for the application | 3               | Medium   | Charanraj,<br>Akash               |
|      | Sprint 3 | Login                         | USN-9                | As a user, I can log into the application by entering email & password                  | 4               | High     | Cibikumar,<br>Danushraj           |
|      | Sprint 3 | Dashboard                     | USN-10               | As a user, I can add new cars and get access to insert and update their details         | 5               | High     | Cibikumar,<br>Charanraj,<br>Akash |
|      | Sprint 4 | Car Details                   | USN-11               | As a user, I should give the car details like car model, engine and fuel type, etc      | 2               | Medium   | Akash,<br>Danushraj               |
|      | Sprint 4 | Car Price                     | USN-12               | As a user, I can view the current rate of the used car price                            | 5               | High     | Charanraj,<br>Akash,<br>Danushraj |

#### **Project Tracker, Velocity & Burndown Chart: (4 Marks)**

| Sprint   | Total Story<br>Points | Duration | Sprint Start Date | Sprint End Date<br>(Planned) | Story Points<br>Completed (as on<br>Planned End Date) | Sprint Release Date (Actual) |
|----------|-----------------------|----------|-------------------|------------------------------|---|------------------------------|
| Sprint-1 | 12                    | 6 Days   | 24 Oct 2022       | 29 Oct 2022                  | 12  | 29 Oct 2022                  |
| Sprint-2 | 12                    | 6 Days   | 31 Oct 2022       | 05 Nov 2022                  | 12  | 05 Nov 2022                  |
| Sprint-3 | 12                    | 6 Days   | 07 Nov 2022       | 12 Nov 2022                  | 12  | 12 Nov 2022                  |
| Sprint-4 | 12                    | 6 Days   | 14 Nov 2022       | 19 Nov 2022                  | 12  | 19 Nov 2022                  |

### Velocity:

$$AV = \frac{sprint\ duration}{velocity} = \frac{12}{6} = 2$$
